

1st December 2015

## Meteorologist Required

Speedwell is seeking an exceptional individual to join our sales and marketing team at our U.S. office. Candidates must have a background in meteorology and experience working with meteorological data and forecasts. Eligible individuals must be hard working self-starters with experience in sales, marketing, and / or client management.

Potential candidates must be experienced with some of the following:

- Energy markets
- Commodity (agriculture) markets
- Weather risk management

Foreign language skills (especially Spanish & Portuguese) are desired, but not required.

The candidate must be willing to re-locate to **Charleston, SC**.

Founded in 1999, Speedwell Weather provides quality weather data, weather forecasts, software, and consultancy. With offices in the UK and the USA we serve clients in sectors including weather-risk, energy, and agriculture world-wide.

Our data products include SuperPack® which provides clients group-wide access to our tens of thousands of high quality world-wide historical weather data sets and real time feeds. We are the dominant provider of settlement data for parametric weather risk contracts.

Speedwell provides the Speedwell Weather System, SWS, the industry standard enterprise weather derivative pricing and risk management system.

If you feel that you have these skills send your resume with cover letter to

Speedwell Weather Corporation
